KIND FATE HELPS OUR BRAVE BOYS

Started on Howell With a Rush, Then Stopped Short.

DO YOU KNOW JOE STANLEY?

Sound cymbals and let's have the blare of trumpets, tin horns, et al. We another. Seven out of eleven isn't

Washington corralled a trio of count Washington corralled a trio of counters in the premier inning of yesterday's contest with the St. Louis contingent and fate decreed that the said trio was just enough to give it a victory. The Browns struggled hard but Smith was on the job from Alpha to Omega and let the McAleerlies down with two runs. If some first-class sensationalist had lain awake nights thinking of a striking climax for a game he could not have hit upon a better one than the fans butted into yesterday.

You Should Know Stanley.

With the score standing at 3 to 2 in our favor, two St. Louisians down, and our favor, two St. Louisians down, and Stone on second base, entreating and imploring Hemphill to moor him to the counting block, Hemp biffed the bullet down into right field and into what looked to be unguarded territory. Stone raced around the circuit a la Duffey and was standing on the home plate with a run in his arms that would have tied the score had he been able to deliver it. But the fates were not to be so kind to the Browns.

Stanley got under steam and hiked up the sward. With his head on a level with his knees and his body pitched forward Joe speared the globule near the extreme end of the stand. He swung on to the spheroid but collided with the bleachers, still holding the ball and thereby saving the day for the Nationals. It was one of the pretiest catches ever made in right field and the crowd went frantic. McAleer and his bunch of sixth placers were disgusted.

Hand Out From Fate. Handsome Harry Howell was in rare m and let the native sons down with ATLANTICS WIN OUT three singles. Washington's three runs were made on one hit, an error, and some beady base running. It is a good thing they got the tallies in the first session, for there were no more floating around after that. It is a matter of record that with the exception of one aman as far as second base, so effective was the handsome individual. In five linnings the Nationals were retired in one two three order. A gueer thing

Stone, Pinch Hitter.

With two hands down in the third Niles poked one up against Smith's flats and was safe. With Niles on first through Smith's error, Jones banged to Altizer, who hustled it to Stahl, who dropped it, Niles going to third, Then Stone waded into the first shoot served. The ball landed in safe territory in right field, Niles and Jones scoring.

The visitors got plus bits but the first shoot served. The visitors got plus bits but the first shoot served.

The visitors got nine hits but they were not bunched. This coupled with the fact that Smith received gilt-edged support kept them from smearing any tallies over the counting block after the third inning. McAleer's men got on bases in every inning except two, but Smith took a brace and pulled himself out of three dangerous quagmires into out of three dangerous quagmires which he dropped after two men w

NOTES OF THE NOTABLES

Stahl's error in the third was respon-ible for both of the tallies given the disitars. But we won, so it doesn't

Spencer backed into a bunted foul in fine shape in the third. Nill had some-thing good up his sleeve and seemed much put out when Spencer made the running backward catch.

Lave Cross stepped out after a boa onstrictor-shaped shoot in the third, and fired it into the right field stand, where it wrecked a basket of peanuts.

All of Altizer's throws, except one, were ideal. In the sixth he made a low throw, which Stahl was unable to handle, but no damage was done to the home plate as a result of the mis-

In the first inning Altizer drew a pass. Stanley bunted. Spencer forced Altizer, Nill was hit by a pitched ball, With Stanley and Nill on the sacks Cross whacked an inshoot into right field. WESTERN TURF WAR BROUGHT TO CLOSE

Fear Legislature Would Forbid Betting One Reason for Peace.

BOBBIE KEAN CASE UP

Stewards Investigating Smithson's Charge Against Deppeler for Underhand Work.

NEW YORK, July 25 .- The Western turf war is at an end. At a meeting between representatives of the Western Jockey Club and the American Turf Association held yester-day at the Hotel Manhattan peace was formally declared. By the terms of an agreement formally signed and sealed the rival tracks at New Orleans next winter will operate in harmony. They will alternate with meetings every two weeks, at which all the horses that go to the Crescent City will be eligible to start. At yesterday's meeting the Western Jockey Club was represented by John Condon, Luis Cella and Bud Renaud, while the interests of the American Turf Association were looked after by D. H. Barnes, representing Edward Corrigan and Congressman Joseph Rhinoch. Barnes and Renaud put their signatures to the peace agreement, which means, no doubt, that racing will soon get a new start in Chicago and other Western cities. It is not improbable that the rival turf bodies will be consolidated in due time, with the idea of conducting racing affairs in the West on more businesslike lines. will alternate with meetings every two

ter from a strictly business point of view.

The fair grounds had a monopoly in New Orleans until City Park cut in. Now, on an amicable basis, both tracks will probably make money, for a majority of the horsemen, in view of the expected let down on the coast, will probably race at the Crescent City. With the Condon and Corrigan forces understanding each other, it was said last night that a move would soon be made to open the Hawthorne and Harlem tracks in the Windy City next year.

S.S.S.CURES CATARRH

Catarrh cannot be washed away with sprays, inhalations and such treatment, nor can it be smoked out with medicated tobacco, cigarettes, etc. When you attempt to cure Catarrh with such things you are wasting time and allowing the impurities and poisons in the blood, which produce the disease, to get so firmly rooted as to become not only a disgusting trouble, but a very dangerous one. The annoying symptoms of ringing noises in the ears, "hawking and spitting," headaches, mucus dropping back into the throat, impairment of the senses of taste and smell, and a feeling of general debility, prove that there is a deep-seated cause for Catarrh. This cause is a polluted and unhealthy condition of the blood, and the disease cannot be cured until this is removed. The only way to get rid of Catarrh permanently is to purify the blood, and S. S. S. is the ideal remedy for this purpose. It soon clears the system of all impurities, purges the blood of all catarrhal matter and poisons, and effectually checks the progress of this disgusting and far-reaching disease. S. S. S. puts the blood in perfect order, and as this pure, healthy blood goes to every nook and corner of the body, Catarrh is permanently cured.
